# Spring Hill Aquatics Improvements Include Murals

Spring Hill RECenter is getting a facelift. The aquatics area at the McLean facility will have a new look which customers can enjoy on September 5, 2006 when the RECenter reopens after its routine maintenance closure. The improvements include repainting the pool (beach area) bottom as well as creating a new wall mural.

The underwater mural, which was created two years ago by artists at Britten-Grant Event Design is being retouched and expanded. The new work, painted by the same artists, will increase the durability and enhance the color of the original project. The original artwork has faded from exposure to chlorine as well as the footsteps of thousands of patrons. New, more durable, and longer lasting paints will be applied.

A wall mural will also be added in the Jacuzzi area. The design features tropical foliage framing a view into a Caribbean-type ocean with a sandy beach and turquoise waters. Customers will enjoy an exotic setting and tropical feel as they soak in the hot tub.

For more information about this project contact RECenter Manager Marcellus Cooper at 703-827-0989.
